

Accessories Program

Extensions

1. Introduction

Three extensions are at your disposal. These accessories have the following features:

- Big cross sections, no contractions which provoke back pressure.
- The extensions can be used with the entire accessories line of simatec.

2. Technical data

Material: Brass, nickel plated

Working temperature: -20° C to +55° C

Packing unit: 10 pieces

Dimensions:

Article No.	D [mm]	H [mm]	L [mm]	A [mm]	Weight [g]
290-10400	G1/4"	8	35	16.7	32
290-10410	G1/4"	8	51	16.7	48
290-10430	M10x1	8	59	16.7	66

3. Installation and start-up

- 3.1 Screw in the extensions (290-10400 and 290-10410) straight to the lubricating point. Use appropriate reducing nipple if necessary. Provide the thread of the lubrication point with sealing tape.
- 3.2 The extension 290-10430 is often used for the lubrication of electric motors where the lubrication point is under the cover of the motor (see picture).
